Public Input

The Cedar Grove Belgium School Board was present to discuss Calvary Field. School Board President Chad Hoopman presented the 'CGB Plan Under Consideration'. Some of the issues the school district is dealing with is the HS girls' softball teams are off campus and the condition of the HS track is in poor condition and needs rework. Three options were provided: developing multiple sports fields to the North, redeveloping land between the Middle School and 2nd Street, or redeveloping the existing baseball field, which the Village currently owns. The preferred concept by the School Board was for the Village to contribute 50% of approximately \$200,000 to upgrade the existing field and for the Village to transfer a clean title of the land (Calvary Field) to the School. The Village Board will need to meet again to discuss this plan and will schedule a follow up meeting in the near future with the School Board.

CG at Play members (Natalie Wieberdink and Jill Nehring) were present to follow up on a few issues. The cost of the FEIN was confirmed at \$850.00. Natalie is in the process of completing the application for the FEIN and will be in contact with Julie. A fundraising kick off meeting is scheduled for March with planned fundraisers all through August. In addition, the group is looking at grants and also researching corporate donor opportunities. CG at Play will provide invoices to Julie for the Village match of 10% of any funds raised in 2017 (maximum of \$15,000) and 2018 (maximum of \$35,000). The matches will only apply to actual monetary funds raised – not 'in kind' fundraising.
